

**DEPARTMENT OF THE AIR FORCE
TRIAL JUDICIARY**

UNITED STATES

v.

SSGT KINYADA J. JOHNSON
552d Operations Support Squadron (AETC)
Tinker Air Force Base, OK

MIL. R. EVID. 404(b)
NOTICE #4

15 May 2026

1. Pursuant to Military Rule of Evidence (“Mil. R. Evid.”) 404(b)(3) and Uniform Rules of Practice Before Department of the Air Force Courts-Martial, the Government provides supplemental notice of the following crimes, wrongs, or other acts of the Accused which the Government intends to admit for a non-propensity purpose:

a. Evidence that, between on or about January 2025 and on or about June 2025, the Accused made several online purchases on Amazon.com for detox cleanses and detox powders (supplements), as evidenced by the Accused’s Amazon.com orders and basic subscriber information. For example, on 7 February 2025, the Accused purchased on Amazon.com and had shipped to his personal residence in [REDACTED], three of the Hesperilyntis Detox Powder Supplements, called THCFlush Detox, which is advertised on Amazon.com as ideal for urgent situations for rapid THC detox to help pass drug tests.

These are closely intertwined facts and circumstances surrounding the alleged offenses (*res gestae*) of wrongful use of Delta-9 Tetrahydrocannabinol (THC-9). Out of an abundance of caution, however, the Government is providing notice of these acts under Mil. R. Evid. 404(b)(3) as further evidence of the Accused’s consciousness of guilt, knowledge, preparation, common plan or scheme, and, if raised by defense counsel, to rebut defenses/issues related to lack of knowledge and intent or mistake of fact. Specifically, this is evidence of consciousness of guilt. The Accused’s purchase of various detox cleanses and powders (supplements) close in time before or after his drug tests and/or drug test results shows the Accused’s awareness that he had engaged in blameworthy conduct and knew his actions were wrong. This is also evidence of knowledge, preparation, and a

common plan or scheme for the Accused to purchase and use detox cleanses and supplement products before and/or after wrongfully using THC9 in order to manipulate the results of his drug tests (*e.g.*, by diluting his urine, temporarily masking drug metabolites, and/or reducing the concentration of toxins or drug metabolites).

b. Evidence that, between on or about October 2022 and on or about December 2024, the Accused made several online purchases on Amazon.com for detox cleanses and detox powders (supplements), and drug testing kits, as evidenced by the Accused's Amazon orders and basic subscriber information. As an example of the latter, Amazon transaction data show the Accused purchased on Amazon.com a "5 Pack – Drug Exam 12 Panel Drug Test Cup Kit with Temperature Strip Testing Marijuana," and "an Easy@Home 5 Panel Urine Drug Test Kit (5 Pack) - THC/Marijuana, Cocaine, OPI/Opiates, AMP, BZO All Drugs Testing Strips in One Kit - at Home Use Screening Test with Results in 5 Mins." To the extent any issues/defenses related to knowledge and intent or mistake of fact are raised, the Prosecution intends to offer the above evidence in rebuttal as proof that the Accused knowingly used THC9 during the dates of the charged offenses, the Accused's knowledge of THC9, that the substance the Accused was ingesting was THC9, and the Accused's knowledge and use of detox cleanses and supplement products to manipulate the results of his drug tests (*e.g.*, by diluting his urine, temporarily masking drug metabolites, and/or reducing the concentration of toxins or drug metabolites).

c. Evidence that, between on or about July 2025 and on or about January 2026, the Accused made several online purchases on Amazon.com for detox cleanses and powders (supplements) as evidenced by the Accused's Amazon orders and basic subscriber information. For example, the Accused purchased on Amazon.com a "Detoxify Mega Clean Herbal Cleanse – Tropical – 32 oz – Professionally Formulated Herbal Detox Drink – Enhanced with Milk Thistle, Ginseng Root & Guarana Seed – Plus Sticker." To the extent any issues/defenses related to knowledge and intent or mistake of fact are raised, the Prosecution intends to offer the above evidence in rebuttal as proof that the Accused knowingly used THC9 during the dates of the charged offenses, the Accused's knowledge of THC9, that the substance the Accused was ingesting was THC9, and the Accused's knowledge and use of detox cleanses and supplement products to manipulate the results of his drug tests (*e.g.*, by diluting his urine, temporarily masking drug metabolites, and/or reducing the concentration of toxins or drug metabolites).

2. To the extent any of the above-referenced actions could be interpreted as or include Mil. R. Evid. 304(d) evidence/conduct, such notice is hereby given to Defense counsel.

3. If the Government becomes aware of any other Mil. R. Evid. 404(b) evidence, the Government will promptly notify Defense. The Government reserves the right to supplement this notice.
